Summary of Additional Charges Cost

The funded hours that the government allocate to you are designed to only cover the basic statutory guidelines and provide a 'one-size fits all' approach which does not account for the extra things that make us special.

The following are examples of items that we provide for your child that would not be possible, and are not covered, within the funded hourly rate:

- Daily Forest school staff and resources, the cost of the woodland itself and extra ratio for the activities that take place
- High adult-staff ratios in general across our groups
- Extra-curricular activities such as our Popcats teacher led music session and phonics sessions
- Extra staffing for outings, walks and trips Please send us an email at appletonthornnursery@gmail.com should you wish to have any further information and a full breakdown of these additional fees.
